Welcome!

The CRD's Research Festival 2017 will be a more social event than previously. In this year of major changes, we want to celebrate the variety of colleagues' research, and how it can flourish in challenging and uncertain environments.

Talks from colleagues will address subjects from children's cinema to the way textiles behave; from refugees and migration to National Trust heritage; giving a flavour of our creative, ingenious, and rebellious research projects.

We hope you enjoy this opportunity to join us and celebrate the end of this academic year.

The CRD Team

Festival opens	13:00		
Registration, lunch and exhibition	13:00	14:00	
Introduction and presentation of collated work by researchers from the four schools	14:00	14:15	David Cotterrell
